INDEX	150

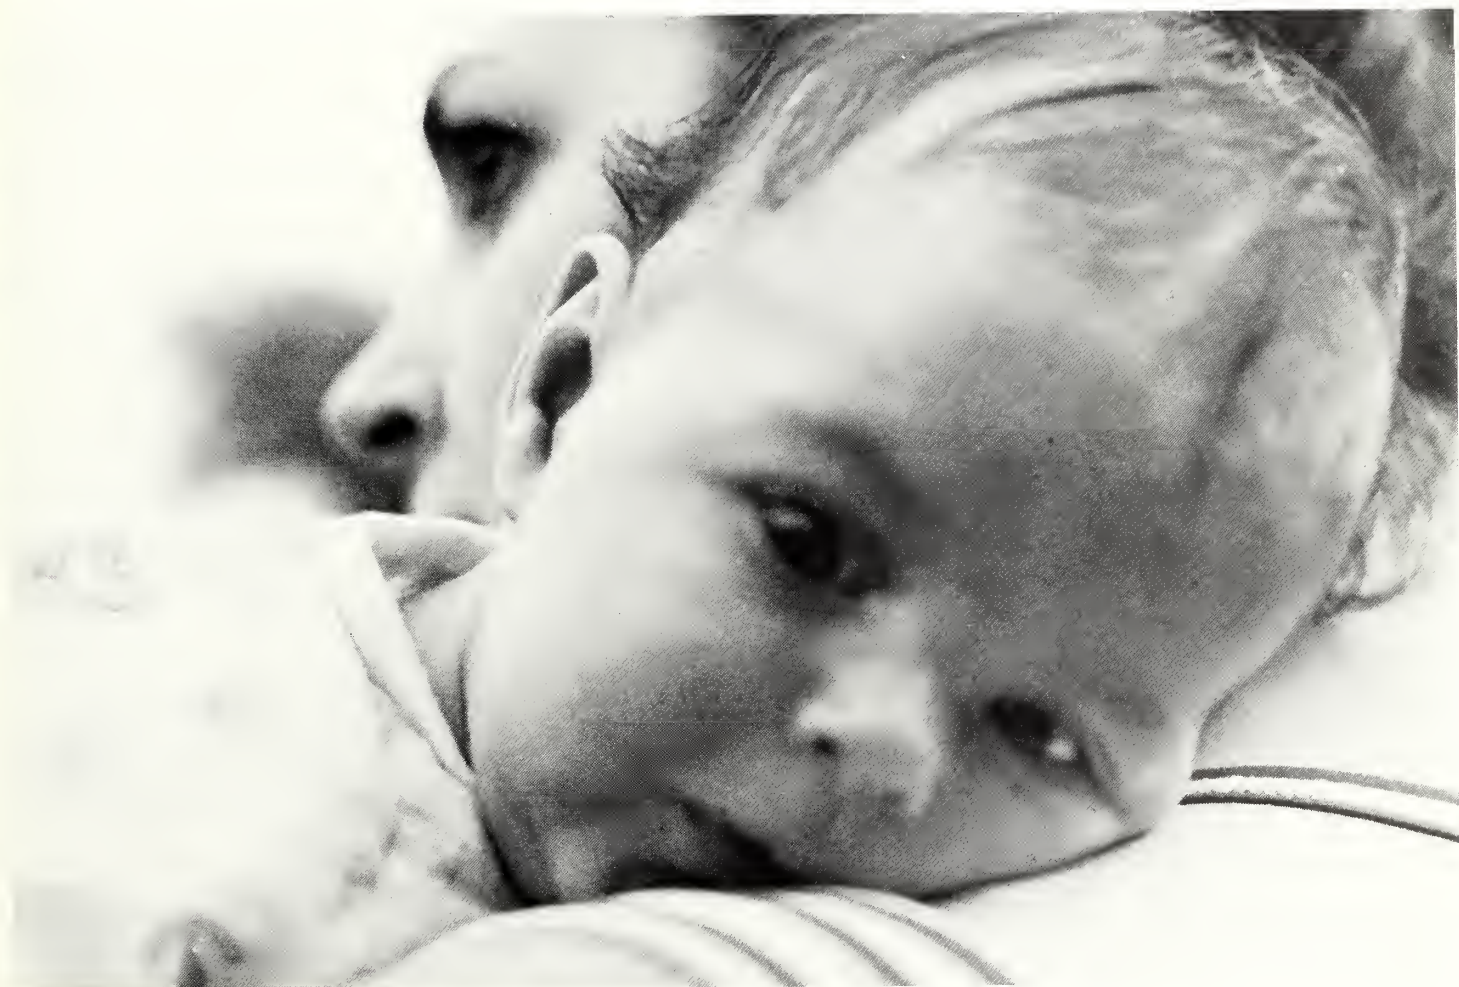

We have a past in common now
week after week of blue and green,
the handled pages of school-books,
the eye forgets what it had seen,
observes without observing how
the landscape alters while it looks.

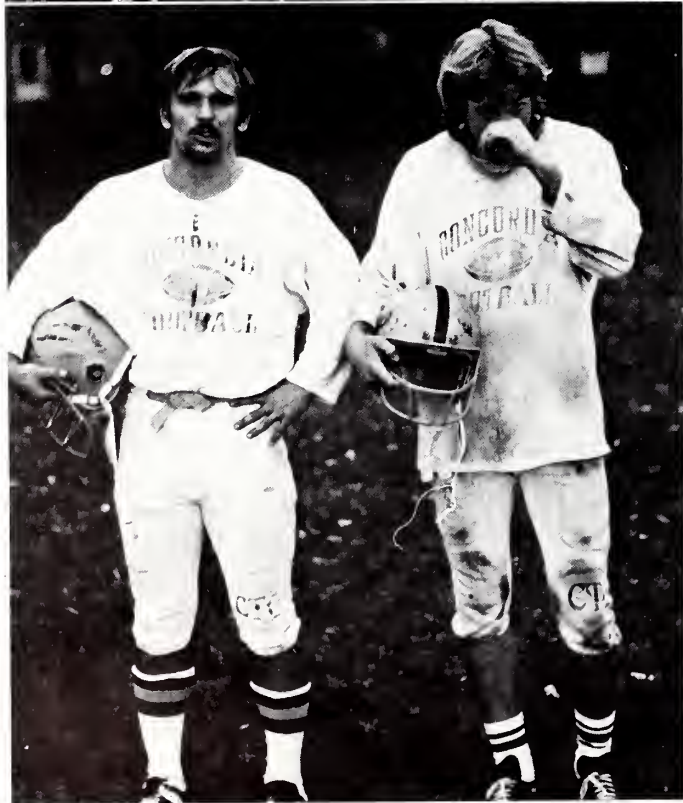

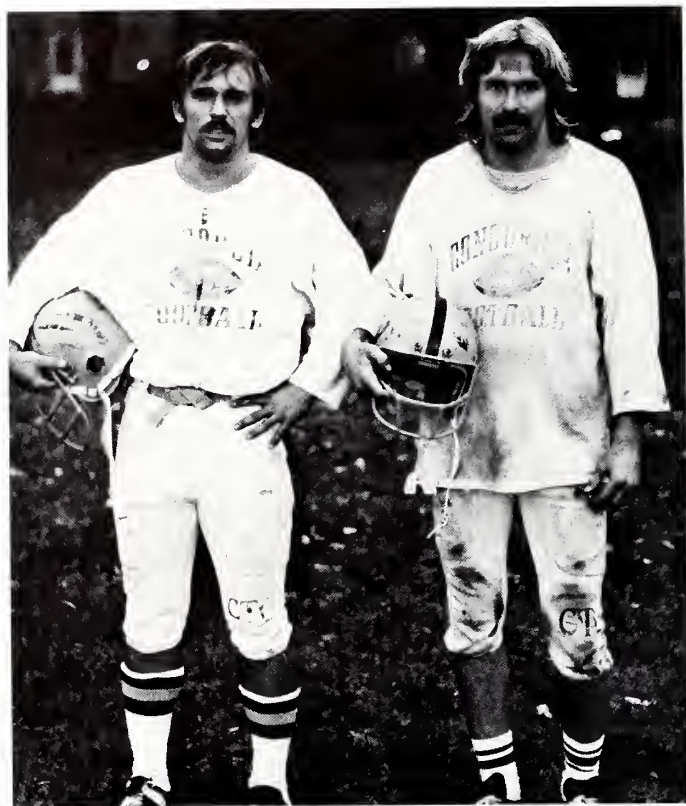

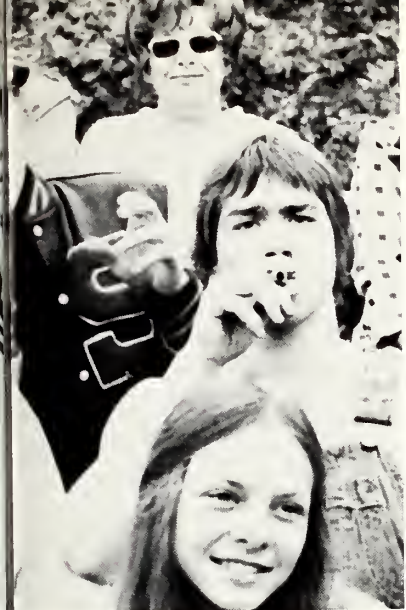

The year of our Lord Nineteen Hundred Seventy-seven was routine. By and large, things went as we expected. Granted, there were political surprises both nationally and on campus. Surely, there were personal contingencies that suddenly had to be reckoned with. But probably the year started, carried on, and finished pretty much on schedule, pretty well as planned. That the year was routine does not mean, however, that it was a year of boredom and ennui; rather, it was one of new life and growth and change. Accusations and doubts challenged us daily from within and without. Up cropped new situations, thrills, and hurts. We dared not rest, we dared not grow, dared not renew our strength, psyche, or spirit. In came new Concordians; our school life was now their life. Professors and peers demanded they adapt. Our seniors departed at graduation into a new world that tries to stifle imagination, and pull them into lifeless lassitude. We all died a little every day. Theologians have said in the midst of life we are in death. Friendships crumbled, visions faded, trusts were shattered. Every day someone new was twisting his knife in our backs. Yet daily we had new life in our Savior Christ Jesus. We were new creations; the old had passed away, behold, the new had come. In Him we were bodily refreshed — as Isaiah said, they who wait for the Lord shall renew their strength, they shall mount up with wings like eagles, they shall run and not be weary, they shall walk and not faint. In Him our spirits were renewed — David proclaimed, our heart is glad in Him, because we trust His holy name. In Him we were given the Spirit's new life — with Paul we could say, I have been crucified with Christ; it is no longer I who live, but Christ who lives in me; and the life I now live in the flesh I live by faith in the Son of God, who loved me and gave Himself for me. Therefore, as visible, living reminders of our new life, we dedicate this, the 1977 PILLARS, to the three new lives on campus.

The leaves in autumn do not change color from the blighting touch of frost, but from the process of natural decay. They fall when the fruit is ripened, and their work is done. And their splendid coloring is but their graceful and beautiful surrender of life when they have finished their summer offering of service to God and man. And one of the great lessons the fall of the leaf teaches, is this: Do your work well and then be ready to depart when God shall call.

— Tryon Edwards

Every mile is two in winter.
— George Herbert

The first day of spring was once the time for taking the young virgins into the fields, there in dalliance to set an example in fertility for Nature to follow. Now we just set the clock an hour ahead and change the oil in the crankcase.

— E.B. White

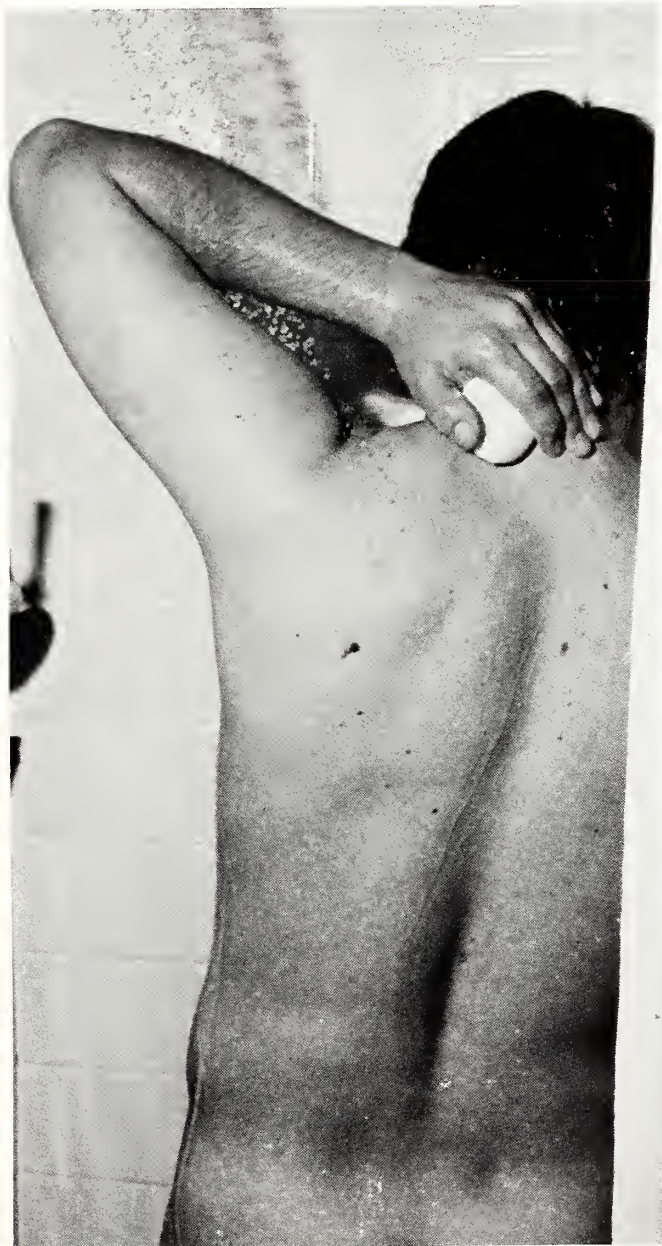

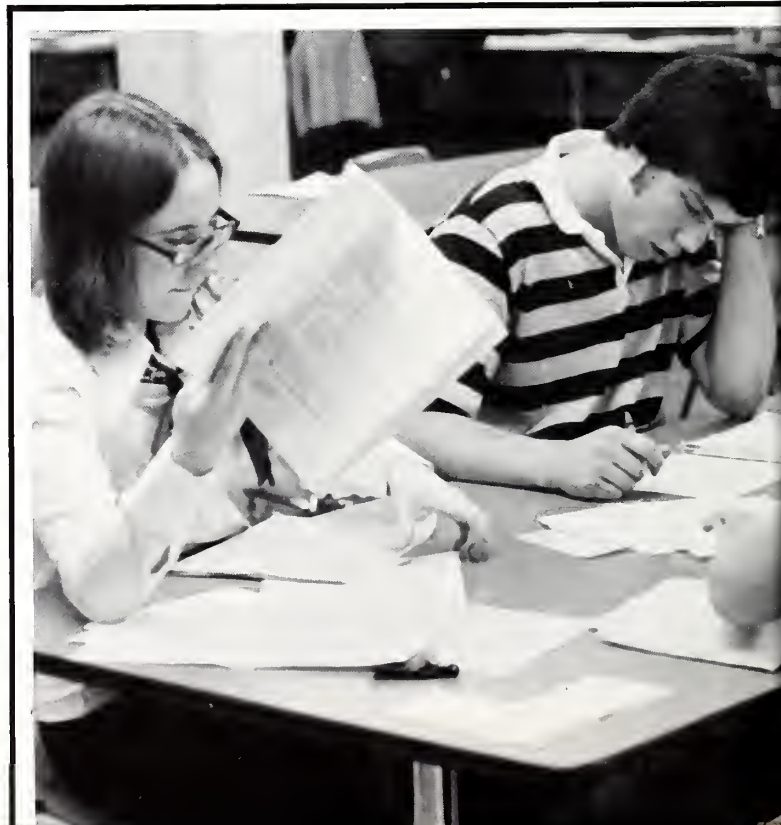

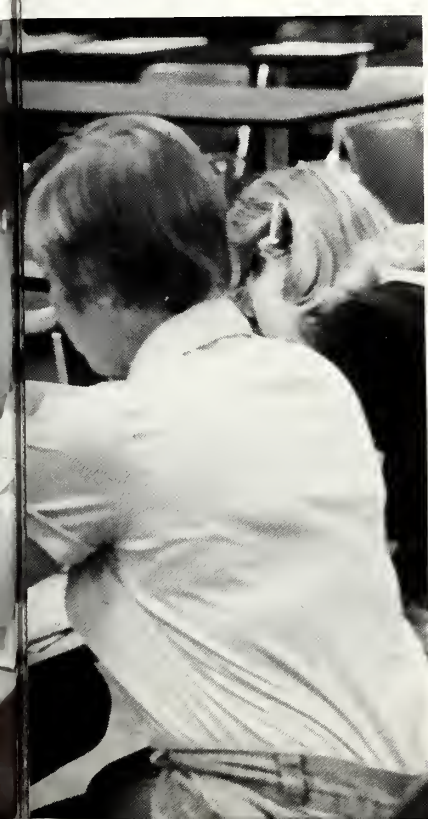

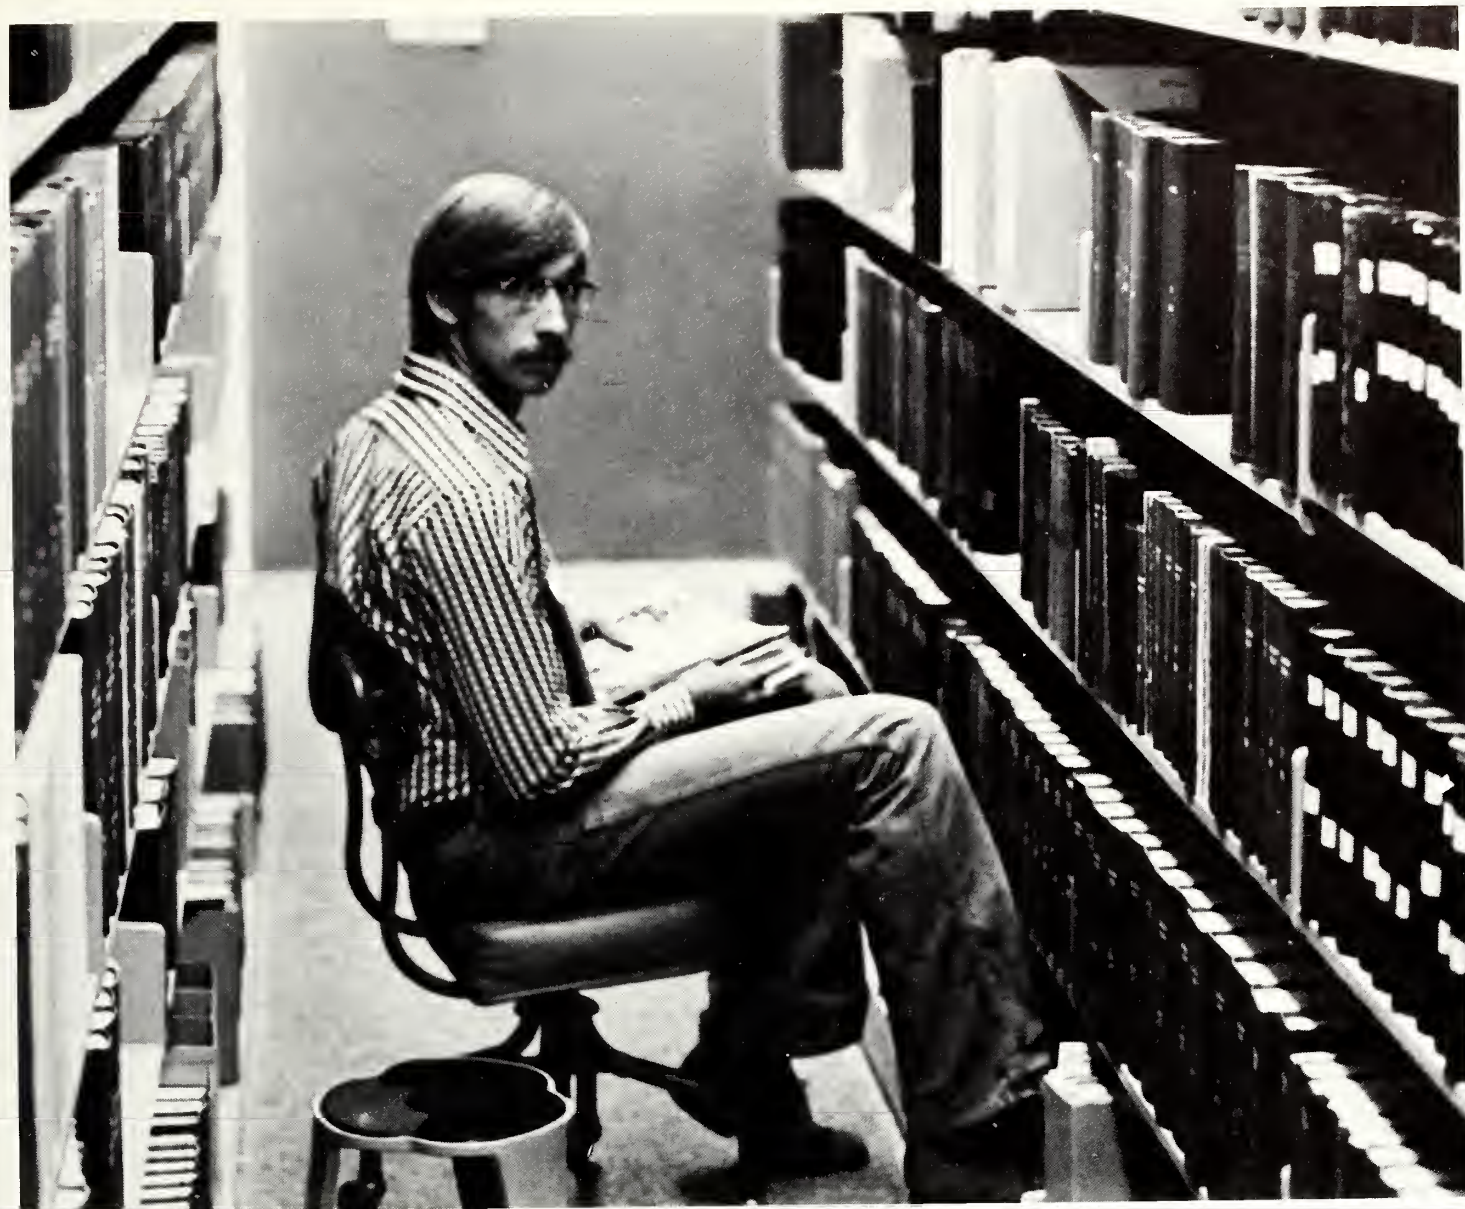

This I call to mind,
and therefore I have hope:
The steadfast love of the Lord,
never ceases;
His mercies never come to an end;
They are new every morning;
Great is Thy faithfulness.
— Lamentations 3,21-23

The breeze is gentle upon my skin. The day is warm and inviting. I sit here beneath this tree recalling the moments of life that I have experienced throughout the year gone by. Smiles and laughter, cold winds and snowflakes, crowded classrooms and tedious exams: I recall these things in vivid detail. Much of myself was evident in the afternoon. I studied, I practiced, I worked, I shared, and I grew. There were days when life seemed to burst forth from within my heart and soul; and there were moments when I felt as though I had lost a friend. Through books and seasons I struggled to become the individual that I am today. I am young, I am happy, I am free; but above all, in the afternoon I am one.

— Candy Stoll

There are as many nights as days, and the one is just as long as the other in the year's course. Even a happy life cannot be without a measure of darkness, and the word "happy" would lose its meaning if it were not balanced by sadness. It is far better to take things as they come along with patience and equanimity.

— Carl Jung

All my life's a circle.
Sunrise and sundown,
The moon rose through the nighttime,
'Til the daybreak comes around.
All my life's a circle,
But I can't tell you why,
The seasons spin around again,
The years keep rolling by.
— Harry Chapin

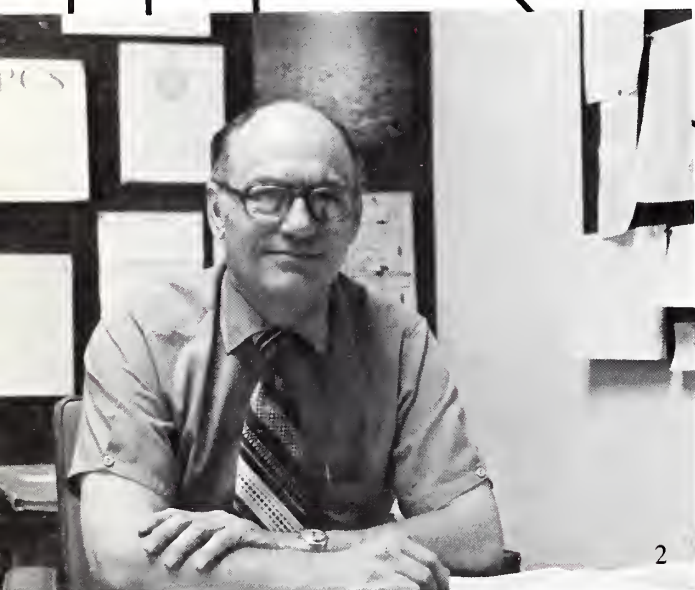

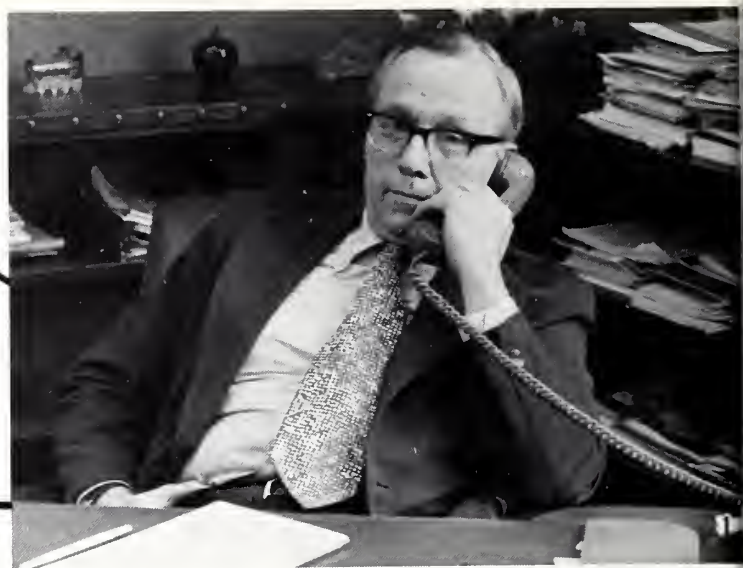

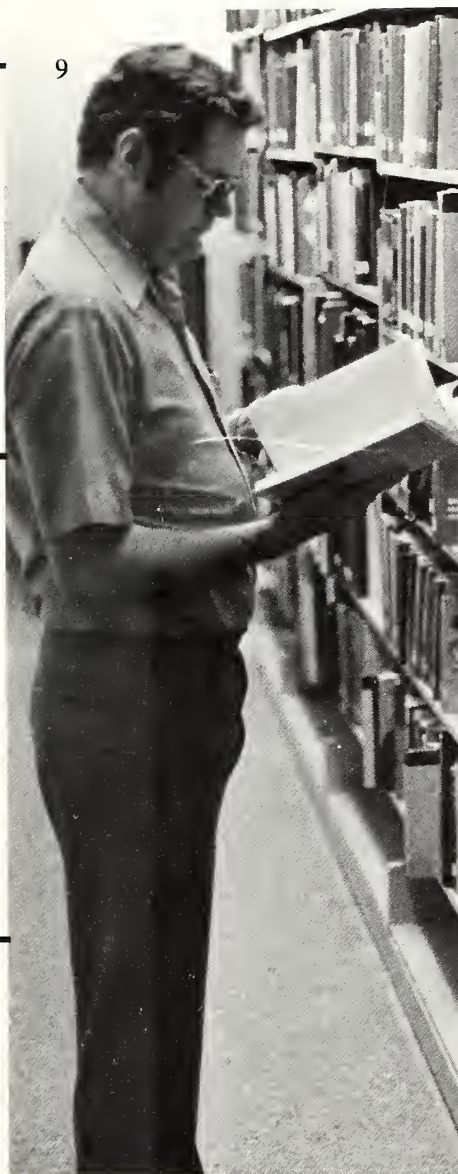

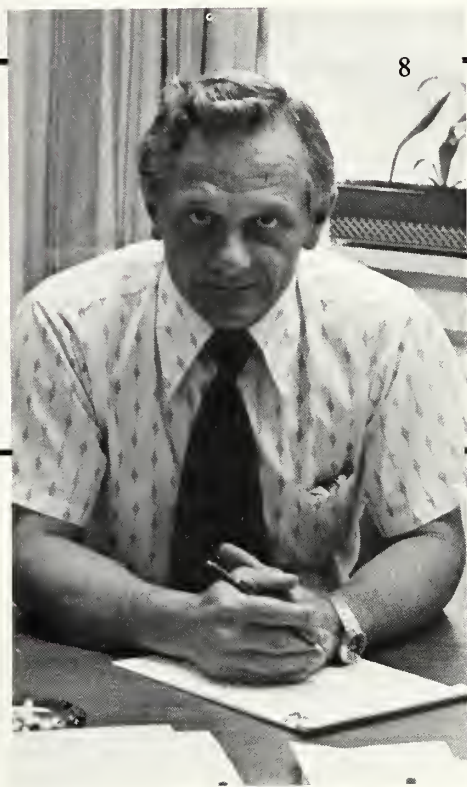

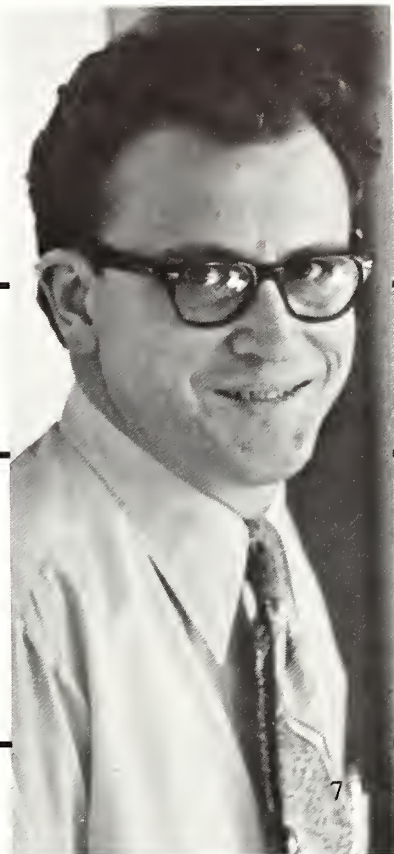

Birds in the dawn building the day
in the long sweet between-seasons
draw color from the trees and sky
yellow and green, crimson and bronze,
the colours have dissolved away
and things are in their last beauty.

Concordia Chapel

Daily Chapel services were often moments of joy and rest in overflowing schedules. Featuring such regular speakers as President Zimmerman, worship was led by the Reverend Robert Schaibley. Music by the Chapel Choir and marking crosses on foreheads edified the assembly at the Ash Wednesday service. The Chapel Committee assisted and implemented Concordia's worship program.

The services of the Computer Center were available to all students, faculty and staff for college-related activities. Running for over fifteen hours a day during the week, the computer was programmed to carry on the work of several different offices both on and off campus, including accounting, registration, and CENSRCH.

Christmas is time for Madison Ave. to start the hard sell before the turkey even reaches the table. Lake Street Mall, Concordia's own private world of commercialism, exhibits their perception of the Christmas Spirit.

Christmas is time for trees. This year brings the first official Christmas tree to our "home". In that bitter cold night after Pastor Schaibley's words came the signal to illumine the lights. An indescribable warmth filled my soul. Sparse? Yes . . . Lowly? Perhaps . . . yet it is mine . . . a touch of home when distant are loved ones.

Christmas is time for Christ. So often is He forgotten, pushed aside, or at best remembered only by a token nativity scene. But at Concordia, the lures of the world are cast off, the maddening roar stilled, and as you stroll through the campus on a quiet night, carols can be heard. The bell tower, which overlooks us, constantly reminds us of His mission, the cross His death, and the bell His victory.

— Chris Gieschen

A Resounding Smash

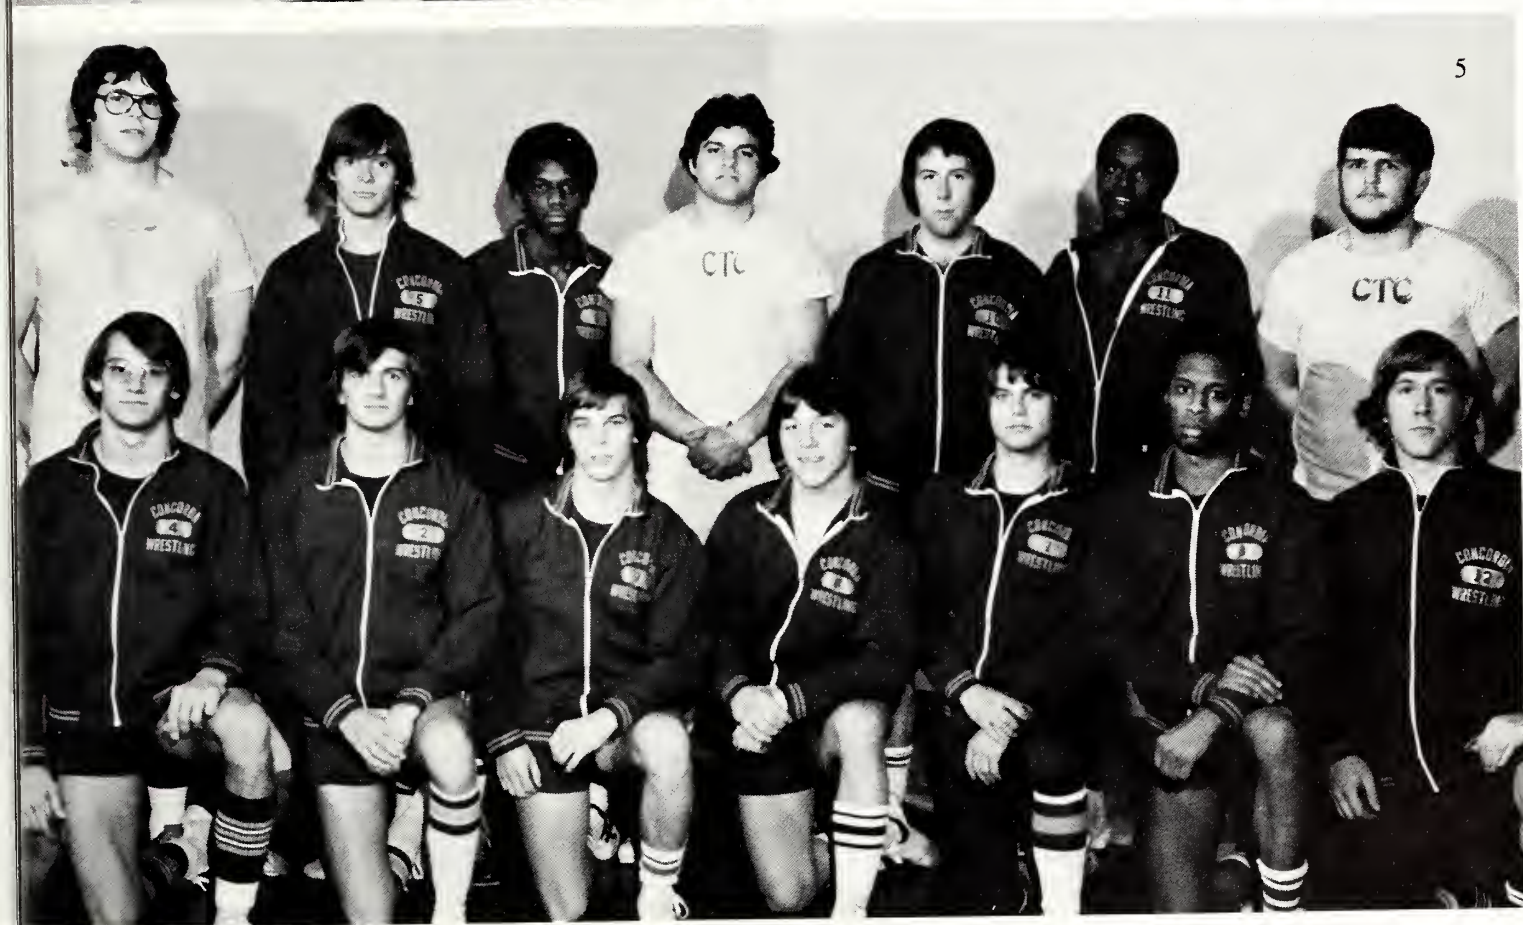

One almost wondered, "If the puppeteer let go of the strings, wouldn't the little folk keep dancing?" After the Easter recess, the Concordia Community was treated to a memorable show by the National Marionette Theatre, the second of the "Artist in Residence" series. Following an afternoon performance for over a thousand excited grade-schoolers, Concordians experienced swordfights, dancing toys, robust opera singers, bellydancing, and ballet. For many, this was the first time that they saw a marionette show and for many more, this is one form of art they look forward to seeing again.

Fieldwork

Many were able to grow in personal ministries by giving time and talents to the Fieldwork program. Rallies at the beginning of each quarter were used to encourage participation. Under the direction of Harry Tatone, students involved in the off-campus projects increased their awareness of the needs of children and adults, in preparation for future teaching careers.

Fiddler on the Roof

COUNTER-CLOCKWISE
FROM RIGHT: Tevye and
his family celebrate the Sab-
bath according to "tradition".
On the other hand Tevye's
dream sequence is far from
traditional thanks to the
wizardry of the lighting crew.
Jim Hartman as Tevye gives
us a glimpse of the simplistic
but nevertheless jovial life led
by the Russian commoners as
he sings "If I Were a Rich
Man".

CLOCKWISE FROM UPPER LEFT: Tevye's three daughters, portrayed by Myra Schoenleber, Nancy Sauer, and Lynette Phillip, in hopes to get good husbands join their thoughts in the song "Matchmaker". Golde, played by Susie Blumenberg, gives her husband Tevye a hard time in answering his musical question, "Do you love me?". First of Tevye's daughters, Tzeitel marries Motel, Dale Welden, as we see ceremony and tradition in action. What's a wedding without entertainment? The Russian dancers show their skill in the bottle dance.

Intervis

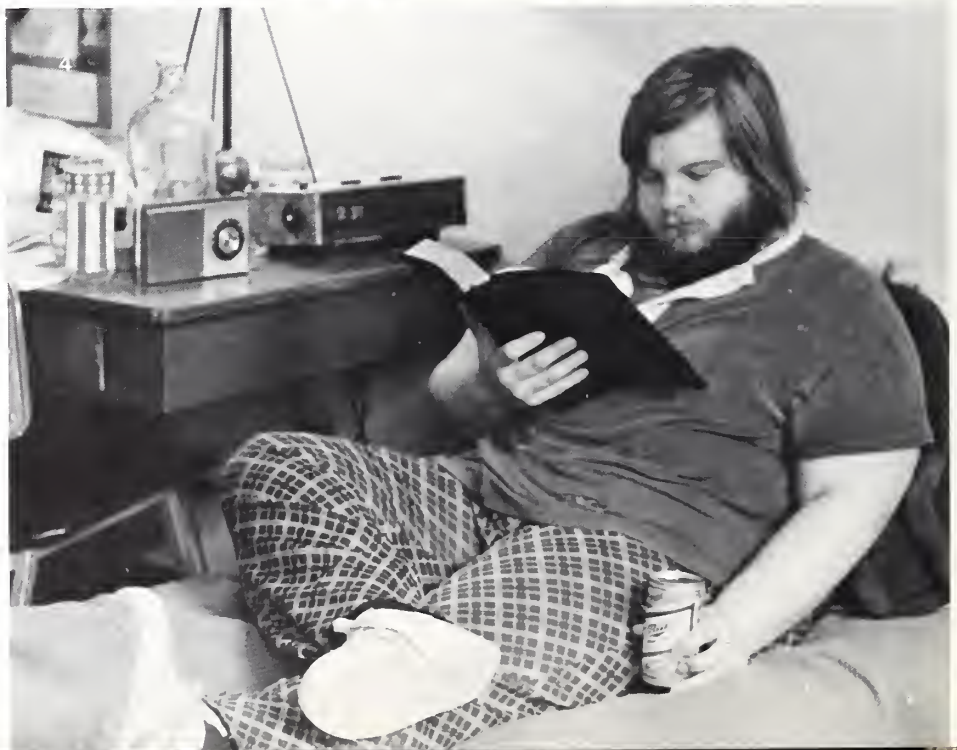

Lengthened intervis hours provided more opportunities for a fracas, fellowship, or fun this year. Floors got together for ice cream socials, open parties, or devos; often pizza was ordered from the Wedge.

1) Late at night, student activity shifts from KCC to dormitories. Often the only ones found there are those Concordians working at the desk and ELS students playing pool. 2) Broadcasting on 600 AM, WCTC offers a mix of musical fare. Here jockey Carl Franz announces a commercial blurb. 3) A fresh bag of peanuts usually seen at baseball games is nibbled on during a stimulating 11-o'clock chess match. 4) The Scriptures play a vital role in Concordians' lives. Rob Dopke reads his Bible during a post-midnight study break.

 Thank you to the staff for all your time.
 There were instances when I took your
 work for granted, or seemed like I wanted
 to change everything you'd done. Really, I
 appreciate all you've done — a book like
 this needed your talents and team work.
 Thank you.

Colours and light mark what we know,
the face and gesture stay the same,
at winter dusk observing how
the pink was dwindling while it came
too cold for anything to grow,
we have a past in common now.
